A UNIWIGS TOPPER

July 25, 2018 / By Mamabsays

It was a definite “yes” when I was asked to partner with Uniwigs. They saw my video on fine hair and thought I might benefit from a topper. Since the topper came longer than my hair, I wanted to have it cut so it would blend with my natural hairstyle. I am going to walk through the process from beginning to end. When my stylist was finished I felt like a million bucks.

Product : 5.5 x 5.5 Claire Virgin Remy Human Hair Topper
Color: P25001-G-4 Medium Natural Brown, **Length:** 12 inches.
When it arrived I was surprised how much the human hair topper felt like my own.

The first thing Patrick (my stylist) did was trim the back of my natural hair. Then he clipped the topper in and began his magic. The topper has a center part and I always part my hair to one side. No worries, we placed the topper asymmetrically on my head, matching it with my side part. Although I have a lot of hair, it's super fine. A topper is a wonderful product if you are losing hair or just want to thicken up your own. When we were finished I felt so glamorous hubby had to take me out on the town.

Thank you Uniwigs for a great experience. And a very special thanks to my stylist Patrick Navarro. Especially for showing me how easy this is.

"Loving my beautiful Amber human hair topper!!!"
